A note from Forooz

As I reflect on my first year with the CUI, I want to take a moment to personally thank the teaching team for their hard work and dedication to the program. I have had the opportunity to visit many programs, directors, and teachers. I have met wonderful parents, caregivers, and children. I wish you the very best as we continue our journey of educating the young children and celebrating diversity and inclusion.

I am feeling refreshed and, at the same time, a sense of urgency for all the important work that we collectively do to provide quality services to the community, families, and children that we serve! This year we will focus on Language and Diversity. We have provided plans and many activities to make sure the language and those who speak multiple languages, to receive the utmost resources and support. On another note, we love to learn about all around the world, and every families, culture, history, food, family style and their country's map, flags and weather. As always, should you have any questions or need more information, do not hesitate to contact me at forooz@communitiesunitedinc.org

With all my love, looking forward to see all on the first day of school !

Family Engagement

We are planning our Back to School Event on September 27. Our Fall Festival will be in October and our Family and Friends Event will be in November

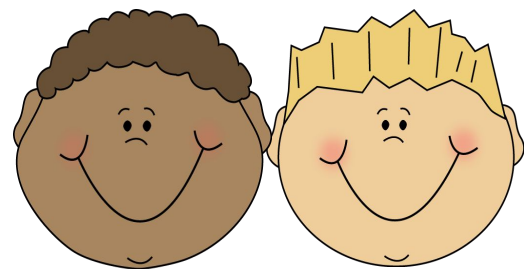

Send your ideas and suggestion to forooz@communitiesunitedinc.org.

We will incorporate your ideas in the plans and bring it up in the parent meeting in September.

A note from Ms. Shachi

Social emotional learning doesn't stop because it is summertime. There are many summer activities that you can do at home to help your child express him or herself, maintain self-awareness, and manage their emotions effectively. Some of these activities are doing art, read books, do some project together, have playdates.
