A note from Forooz

It's a little hard to believe it is August already! I hope everyone is enjoying summer and finding time to relax and refresh. If you are new to Communities United, this is the first of your monthly newsletters. During the school year we send a newsletter every month. If you read it regularly, you'll keep up with all the events and activities at school. The newsletter is posted to our Parent Board and sent to parents by email. where it can be translated and read in multiple languages. I hope you find this helpful! We've been busy here at school all summer but we have also been modeling self-care, so we are ready to serve our students and staff when the school year begins! I look forward to getting to know our new families better and introducing them to our community. We are still looking for more substitute teachers, so please pass the word along if you know anyone interested in serving in that way. It's hard but incredibly important work! We need a strong pool of substitutes so that teachers can take time off without worry. If you have friends or family members who are considering a change for this school year, With growing wait lists at our other programs, this is the time to get enrolled! We'd love to serve as many children and families as possible and continue growing our school community. Thank you for your support.

A note from Ms. Shachi

Social emotional learning doesn't stop because it is summertime. There are many summer activities that you can do at home to help your child express him or herself, maintain self-awareness, and manage their emotions effectively. Some of these activities are doing art, read books, do some project together, have playdates.
